

LINCOLN MEMORIAL

Dear Mom and Dad,

Today in Washington D.C I went to the Lincoln Memorial. Did you know that in 1910 2 members of the Congress joined forces to create the memorial? Here is another fact. Daniel Chester created the statue in the memorial. The statue is 12 feet tall and made of bronze. It has 28 blocks of Georgia marble. Wish you were here.

Love you,

*Your daughter,
Karli*
